

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advt.

500 LIEUTENANTS TOLD BY ENRIGHT TO ENFORCE LAWS

Commissioner Announces That
He Is Going to Abandon the
"Shoo-fly" System.

Continuing his programme of speeches direct to his men, Commissioner Enright called 500 lieutenants before him to-day. They gave him an ovation—for he was a lieutenant himself until last week. He told them plainly that the new administration means business and that every man will be held responsible for the enforcement of the laws. He also emphasized the need of courtesy in dealing with the public.

Commissioner Enright said one thing that brought a tide of joy into the souls of many a "copper." He said he was going to cut out the whole system of "shoo-fly" sergeants and lieutenants; those camouflaged officers who are always turning up on a policeman's beat to see how things are going.

"We've got to have the patrols supervised by lieutenants, of course," continued Enright, "but they will be the regular lieutenants of the districts, not special squads sent out from Headquarters."

The difference to the policeman is this: He knows the lieutenants in his district, and when they watch him he can watch them. But the old "shoo-fly" or "submarine" used to be a perfect stranger to the "copper" on beat, and, consequently, the copper was nervous.

One of the things Mayor Hylan used to say before he became Mayor was that the "bouding" of policemen with "shoo-fly" was an injustice.

To-morrow Enright will address the sergeants and on Thursday he will address the patrolmen—not all the patrolmen in town, but delegations from all stations. Those who hear the speech will be expected to relay what he said to the other patrolmen.

Deputy Police Commissioner Lahey, in charge of all the detective forces of Greater New York, this morning ordered that detailed information be sent him concerning every detective. The order went to the head of each of the nine Branch Bureaus and to the commander of each special squad of detectives. It was directed that this information should reach the Deputy Commissioner not later than noon to-day.

There is much speculation as to the meaning of this order. Lahey said he merely wanted to get acquainted with the personnel that he commands.

He wants to know the date of each man's entrance to the Detective Bureau and the class of work to which he is assigned. The first grade detectives, of whom there are about 150, draw ten pay of lieutenants, \$2,450 a year.

Among those drawing the salary of first grade detective is Mrs. Isabella Goodwin, who was appointed to that grade by former Commissioner Waldo in recognition of good work on her part in a taxicab robbery case. Her pay was raised from \$1,000 a year as police matron to \$2,250. It was said to-day she might be transferred to the staff of Mrs. O'Grady, Fifth Deputy Police Commissioner.

T. R. to "Warm" Camp Merritt.

Col. Theodore Roosevelt will make the principal address at the housewarming and formal opening of Merritt Hall, a club house for officers at Camp Merritt, Tuesday, N. J., at 4 P. M. to-morrow. Captain John T. Austin, U. S. Army, will make the prayer. Merritt Hall was erected by Mrs. Laura Williams Merritt in honor of her husband, Major Gen. Wesley Merritt, in whose memory the camp was named.

James McCutcheon & Co.
Fifth Avenue, 34th & 33d Streets

Announce

That in view of the two unlooked for Monday Holidays this month and the much unusually inclement weather which made shopping difficult, they will continue to offer throughout this entire week all the attractive values in Household Linens which they provided especially for January.

Because Linen is their great specialty and not merely a side issue with them, they are still very abundantly supplied with everything in Linens required for the Household:

Table Linens
Bed Linens
Towels, Etc.

These they are offering at prices which, in view of the shortage of Linen, are very moderate.

James McCutcheon & Co.
